PINETUM STRAIN STANDARD GLADIOLI

We specialize in Gladioli and have about the only treatment we know of for bacterial blight; a disease that will eventually eliminate Gladioli if not corrected. Our stock is grown in clean, Long Island soil and represents what we consider to be the finest stock in existence.

Prices are per 1,000. 250 at 1,000 rate. On 100 add 10 per cent. We will not sell less than 100 on this list.

Sizes—No. 1. $\frac{1}{2}$ and up; No. 2. $1\frac{1}{4}$ - $1\frac{1}{2}$; No. 3. $1\frac{1}{2}$; No. 4. $\frac{3}{4}$ -1. No. 5. $\frac{1}{2}$ - $\frac{3}{4}$. No. 6. Under $\frac{1}{2}$.

PINETUM DAHLIAS

(Pinetum dahlias are grown without the aid of nitrate of soda and other "forcing" fertilizers; neither are they forced for exhibition purposes which weakens the stock for 1 to 2 years.)

PINETUM'S DAHLIA LEADERS

The following 4 varieties may be safely considered the best in dahlia achievement to date:

AMUN RA. (Seal). Giant flowers, coppery bronze shading to gold and amber.

GLADYS SHERWOOD. Giant form, pure white, hybrid cactus.

MRS. I. DE WARNER (Marean). Strong, vigorous grower; color clear self-pink-lavender, generally described as "mauve."

JERSEY'S BEAUTY (Waite). Soft rose pink on vigorous stems of from 4 to 5 feet without forcing; probably the best dahlia in existence.

New Introductions, 1924-1925

ROBERT TREAT (Mueller). Very large flowers, color midway between cerise and American beauty red. Flowers 9 to 11 inches across. Winner of "Garden Magazine" Sweepstakes prize, 1924. Tubers, \$10.00. Plants, \$5.00.

ROLLO BOY (Pelicano). Gigantic hybrid-cactus, delicate amber shading to gold. First prize at San Francisco show; also as the largest flower in the show and also the silver medal of the Garden Club of America. Price on application.
